

Corporate - and product carbon footprint 2020

For many years Budenheim has been actively and continuously working on reducing environmental and climatic impacts caused by the company's sites. Due to these efforts, Budenheim is proud to be one of the most environmentally friendly producers of specialty chemicals worldwide.

Budenheim has gone the extra mile: We have been taking part in the Responsible Care program of the chemical industry. Since 1996 Budenheim has been certified to ISO 14001 and since 2012 also to ISO 50001.

For more information please refer to our website: www.budenheim.com.

Following the guidelines of the Greenhouse Gas Protocol* the Corporate Carbon Footprint (CCF) and the Product Carbon Footprint (PCF) for 2020 are reported as follows for Budenheim Germany:

	CCF in t CO_{2e}	PCF in t CO_{2e} per ton product
Scope 1	52,487	0.368
Scope 2**	2,047	0.014
Scope 3***	286,699	2.013

If you have any further questions about the CCF, please do not hesitate to contact us at environment@budenheim.com.

- * WRI, WBCSD (2009) The Greenhouse Gas Protocol – A Corporate Accounting and Reporting Standard, Revised Edition, WBCSD (2011) Corporate Value Chain (Scope 3) Accounting and Reporting Standard, WBCSD (2013) Technical Guidance for Calculating Scope 3 Emissions.
- ** Scope 2 emissions for delivered electricity are calculated with the renewable energy ratio of 2019.
- *** The following scope 3 emissions are reported: purchased goods, fuel- and energy related activities, upstream and self-commissioned transportation and distribution, waste generated in operations, by business trips and employee commuting.
